WOULDNT it be nice to visit a bazaar every day of the week instead of just the weekends?

Now it's possible with Le Tresor Legacy Ventures Sdn Bhd opening Le Tresor Galleria, a one-stop outlet offering everything that you would normally find in a weekend flea market.

Le Tresor Legacy Ventures are known as the "bazaar experts" due to the fact that they have organised countless bazaars in the city.

One of their specialities is organising theme bazaars in line with the festive season and it has proved to be very popular especially among the fairer sex.

"We get a lot of feedback each time we organise a bazaar and there's always a request for us to extend it," said Ismail Stork of Le

Tresor Legacy.

"And we also want to provide traders a platform to showcase their products and that's how Le Tresor Galleria came about," added Ismail.

Located at Lot 10, the shop is adorned with huge wrought iron canopies for that outdoor theme.

Oversize bamboo shades light up the place and animal print décor creates a cosy setting.

Eight vendors have currently taken up space at the outlet offering a myriad of interesting items for sale.

"We will change them from time to time to offer variety and opportunity to others (vendors) to do business here," said Ismail.

Currently you can find fashionable jewellery and accessories from Cana like bracelets, necklaces, earrings and rings made from material like silver, stainless steel, rhodium, precious stones, crystals and other items.

It is used to keep out the sun and dust and is commonly used as space dividers or decorations.

If you're hunting for a gift you may find something nice at Sweet Home Décor.

Unique hand made door signs and decorative pegs for memos, notes or photos as well as fridge magnets make excellent gifts.

The comfortable cotton pyjamas and lingerie from Green Cow Fashion is also something to look out for.
